Following up on the CBI issue. I spoke to Nancy and Karen, per your recommendation, Rick, and just sent the message below to Mark Smith in Massachusetts.

**Ex. 5 Deliberative Process (DP)**

I'm going to eat dinner and check email again. I haven't seen anything back on how Alex may want to handle this yet, or any comments on the data report.

Hi Mark,

I was given your name and contact information by Nancy and Karen below in EPA's Region 1. The Office of Pesticide Programs Fort Meade laboratories are under my jurisdiction at EPA, and we are looking to release the PFAS data Thuy Nguyen and her group have generated to date. We have run into a potential hurdle that you may be able to help with. Have you all received any feedback from a company called Ex. 5 Personal Privacy (PP) following your public release of the Massachusetts data?

Thank you, and I can be reached at the number below if you'd prefer to discuss over the phone.
